THE

Massachusetts Register,

CONTAINING A RECORD OF THE

GOVERNMENT AND INSTITUTIONS

OF THE STATE,

AND

A Variety of Useful Information,

FOR THE YEAR 1858.

SERIAL NUMBER, NINETY-TWO.

BY ADAMS, SAMPSON & CO.

PUBLISHERS OF THE BOSTON DIRECTORY, MAINE REGISTER, RHODE ISLAND REGISTER, NEW ENGLAND BUSINESS DIRECTORY, ETC.

NO. 91 WASHINGTON STREET, BOSTON.

Entered according to Act of Congress, in the year 1858, by ADAMS, SAMPSON & Co., in the Clerk's Office of the District Court of the District of Massachusetts.

DAMRELL & MOORE, PRINTERS.

P R E F A C E .

IN preparing this, the ninety-second number of the Massachusetts Register, the aim of the publishers has been to perfect the information usually contained in it, rather than to add many new features. There will, however, be found, on pages 160 to 165, very full extracts from the Massachusetts Registration Report for the year 1856, an interesting and valuable document from the pen of N. B. Shurtleff, M. D.; also on pages 13 to 16, the Senate and Representative Districts lately established, with number of legal voters in each; and on pages 302 and 303, for greater convenience in reference, we have repeated, in table form, the names of Judges and Registers of Probate and Insolvency, Clerks of Courts, Sheriffs, and Justices throughout the Commonwealth, items which have formerly been given only under each county.

The publishers renew their thanks to those who have assisted in the compilation of the work, and would suggest that *any* person discovering an error in the book will confer a favor by notifying them of it, that it may be corrected in future.

All communications for the Register of 1859 should be forwarded on or before December 1, 1858, to

ADAMS, SAMPSON & CO.,
No. 91 Washington Street, Boston.

MASSACHUSETTS LEGISLATURE.

The first session of the General Court for the year 1857 was begun at the State House, in Boston, on Wednesday, the seventh day of January — being the first Wednesday; and was prorogued on Saturday, the thirtieth day of May. At this session, 306 Acts and 108 Resolves were passed.

A second session was begun, according to adjournment, on the fourteenth of July, and ended on the thirty-first of the same month. At that session the five Acts numbered 307 to 311, and the two Resolves numbered 109 and 110 were passed.

The titles of the Acts and Resolves are given below *in full*. The letter [G] is placed before such as are designated as *General Acts* and Resolves by the Secretary of the Commonwealth. The numbers placed before the titles show the order of their approval by the Governor, and indicate in each case the chapter which the Act or Resolve makes in the official code for the year 1857. The date, after the title, is the time of the approval by the Governor.

The letter [F], placed at the end, shows that the act is to take effect from and after its *passage*, which is considered as cotemporaneous with its approval by the Governor. All other Acts and Resolves, in accordance with the general provisions of the Revised Statutes, take effect on the thirtieth day after their passage, unless some other time is expressly mentioned in the Act.

PROPOSED CONSTITUTIONAL AMENDMENT.

[Adopted by the Legislature of 1857 and referred to the Legislature of 1858.]

RELATIVE TO LIMITING THE SESSIONS OF THE LEGISLATURE.

The political year shall begin on the first Wednesday of January, instead of the last Wednesday of May; and the general court shall assemble every year on the said first Wednesday of January, and shall proceed at that session to make all the elections, and do all the other acts, which are by the Constitution required to be made and done at the session which has heretofore commenced on the last Wednesday of May. No session of the general court shall continue longer than one hundred days, without the concurrent vote, to be taken by yeas and nays, of two-thirds of the members elected to each house, in which case the session may be extended for a further period not exceeding ten days. And the general court shall be dissolved on the day next preceding the first Wednesday of January, without any proclamation or other act of the governor. But nothing herein contained shall prevent the general court from assembling at such other times as they shall judge necessary, or when called together by the governor.

[PASSED IN SENATE, MAY 7, 1857.]

[PASSED IN HOUSE OF REPRESENTATIVES, MAY 14, 1857.]

CONSTITUTIONAL AMENDMENTS

Adopted by the Legislatures of 1856 and 1857, respectively, and ratified by the people on the first day of May, 1857.

CENSUS.

ART. XXI. A census of the legal voters of each city and town, on the first day of May, shall be taken and returned into the office of the secretary of the Commonwealth, on or before the last day of June, in the year one thousand eight hundred and fifty-seven; and a census of the inhabitants of each city and town, in the year one thousand eight hundred and sixty-five, and of every tenth year thereafter. In the census aforesaid, a special enumeration shall be made of the legal voters, and in each city said enumeration shall specify the number of such legal voters aforesaid, residing in each ward of such city. The enumeration aforesaid shall determine the apportionment of representatives for the periods between the taking of the census.

HOUSE TO CONSIST OF TWO HUNDRED AND FORTY MEMBERS.

LEGISLATURE TO APPORTION, &C.

The House of Representatives shall consist of two hundred and forty members, which shall be apportioned by the legislature, at its first session after the return of each enumeration as aforesaid, to the several counties of the Commonwealth, equally, as nearly as may be according to their relative numbers of legal voters, as ascertained by the next preceding special enumeration; and the town of Cobasset, in the county of Norfolk, shall, for this purpose, as well as in the formation of districts, as hereinafter provided, be considered a part of the county of Plymouth; and it shall be the duty of the secretary of the Commonwealth, to certify, as soon as may be after it is determined by the legislature, the number of representatives to which each county shall be entitled, to the board authorized to divide each county into representative districts. The Mayor and Aldermen of the city of Boston, the county commissioners of other counties than Suffolk, — or in lieu of the Mayor and Alderman of the city of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law, shall, on the first Tuesday of August next after each assignment of representatives to each county, assemble at a shire town of their respective counties, and proceed, as soon as may be, to divide the same into representative districts of contiguous territory, so as to apportion the representation assigned to each county equally, as nearly as may be, according to the relative number of legal voters in the several districts of each county; and such districts shall be so formed that no town or ward of a city shall be divided therefor, nor shall any district be made which shall be entitled to elect more than three representatives.

QUALIFICATIONS OF REPRESENTATIVES.

Every representative, for one year at least next preceding his election,

shall have been an inhabitant of the district for which he is chosen, and shall cease to represent such district when he shall cease to be an inhabitant of the Commonwealth. The districts in each county shall be numbered by the board creating the same, and a description of each, with the numbers thereof and the number of legal voters therein, shall be returned by the board, to the secretary of the Commonwealth, the county treasurer of each county, and to the clerk of every town in each district, to be filed and kept in their respective offices. The manner of calling and conducting the meetings for the choice of representatives, and of ascertaining their election, shall be prescribed by law.

ONE HUNDRED MEMBERS A QUORUM.

Not less than one hundred members of the house of representatives shall constitute a quorum for doing business ; but a less number may organize temporarily, adjourn from day to day, and compel the attendance of absent members.

CENSUS, ETC.

ART. XXII. A census of the legal voters of each city and town, on the first day of May, shall be taken and returned into the office of the Secretary of the Commonwealth, on or before the last day of June, in the year one thousand eight hundred and fifty-seven ; and a census of the inhabitants of each city and town, in the year one thousand eight hundred and sixty-five, and of every tenth year thereafter. In the census aforesaid, a special enumeration shall be made of the legal voters, and in each city said enumeration shall specify the number of such legal voters aforesaid, residing in each ward of such city. The enumeration aforesaid shall determine the apportionment of senators for the periods between the taking of the census.

SENATE TO CONSIST OF FORTY MEMBERS. SENATORIAL DISTRICTS, &C.

The senate shall consist of forty members. The general court shall, at its first session after each next preceding special enumeration, divide the Commonwealth into forty districts of adjacent territory, each district to contain, as nearly as may be, an equal number of legal voters, according to the enumeration aforesaid : — *Provided, however,* that no town or ward of a city shall be divided therefor ; and such districts shall be formed, as nearly as may be, without uniting two counties, or parts of two or more counties, into one district.

QUALIFICATIONS OF SENATORS.

Each district shall elect one senator, who shall have been an inhabitant of this Commonwealth five years at least immediately preceding his election, and at the time of his election shall be an inhabitant of the district for which he is chosen ; and he shall cease to represent such senatorial district when he shall cease to be an inhabitant of the Commonwealth.

SIXTEEN MEMBERS A QUORUM.

Not less than sixteen senators shall constitute a quorum for doing business ; but a less number may organize temporarily, adjourn from day to day, and compel the attendance of absent members.

MASSACHUSETTS MILITIA.

The Militia of Massachusetts is divided into two classes, the active and enrolled; the latter consists of all "able-bodied white male citizens of the age of eighteen years, and under that of forty-five, excepting persons enlisted into volunteer companies, and persons exempted by law, or incapacitated by physical and other causes." [See sec. 5, Militia law.] The whole number enrolled in 1857, as appears from the Returns of Assessors of cities and towns, (whose duty it is to make such returns,) is 151,114, being an increase of 3,138 over last year.

The Active Militia consists of Volunteers, who are paid a per diem allowance when on duty, amounting, in the whole, to \$9 per annum, each man of the Artillery, Infantry and Riflemen, and \$18 each for Cavalry. They consist, by the returns of 1857, of 6,735 men. These are organized into three Divisions and six Brigades, embracing two Divisionary Corps of Cadets, one Company and one Section of Light Artillery, five Companies of Cavalry, and twelve Regiments and one Battalion of Infantry, and three Battalions of Riflemen—in all, 102 companies.

The first division is made up of Militia in Suffolk, Norfolk, Plymouth, Bristol, Barnstable, Nantucket, and Dukes counties; the second, of Militia in Middlesex and Essex; the third, of Militia in Worcester, Hampshire, Hampden, Franklin, Berkshire.

BIRTHS, MARRIAGES AND DEATHS

IN MASSACHUSETTS IN 1856.

Extracts from the Fifteenth Registration Report.

Of the series of annual documents which relate to the Registry and Return of the Births, Marriages and Deaths that have occurred within the Commonwealth of Massachusetts, the present Report is the fifteenth; and, like those of preceding years, has been prepared in accordance with the laws of the State, and is issued under the sanction of the Secretary of the Commonwealth.

This document forms the first of the series of Reports and Abstracts printed as Public Documents, in accordance with the Act of the Legislature, approved by His Excellency the Governor, on the second day of April, 1857. The Report is from the pen of Dr. Nathaniel B. Shurtleff, under whose superintendence the abstracts of the four preceding Reports for the years 1852, 1853, 1854 and 1855, were prepared, and to whom the public are indebted for the summary remarks and practical observations which have accompanied each of the aforesaid documents.

In the preparation of the tables, and also in the calculations submitted in the summary remarks, the facts deduced from the last State census, taken in June, 1855, have been used. Under the head of Population, a very complete and lucid condensation of the last census report has been given, adding greatly to the value of the Registration Report as a document for reference and study.

It is believed that the Report, while it embraces facts extending over a longer space of time than any of its predecessors, will still preserve the interest which has generally attached to other documents on the same subject, proceeding from the same source; and that a benefit will be derived from it commensurate with the labor devoted to its preparation.

In the fifteen Reports the accumulated results of fifteen years and eight months, commencing on the first day of May, 1841, and terminating on the 31st day of December, 1856, have been given. Since the publication of the first Report in February, 1843, there has been a considerable increase in the number of tables which comprise the abstracts, and many of these have been prepared with additional minuteness in respect to their most important particulars. This has given corresponding value to the document, and made it more desirable for the use of statistical students.

The importance of the carefully prepared abstracts of the Massachusetts Reports, in furnishing reliable data for calculations necessary in the formation of the abstruse tables essential to correct computations for determining the laws by which the existence of the human species is governed, especially on the American continent, is fully appreciated by those who perform those complex and laborious tasks; and much satisfaction accrues to those who have been the instruments of promoting such desirable results.

The warmest anticipations of those by whose instrumentality the Registration Laws of the Commonwealth were established, have been more than realized; and the department of vital and mortuary statistics has derived incalculable assistance from the carefully digested and prepared abstracts which have resulted therefrom, and which have been widely disseminated for the general benefit of scientific observers and persons interested in statistical inquiries.

These Reports, besides exhibiting a general view of the results of Registration, afford the most ample means that can be obtained in America, for ascertaining the laws by which the general expectation of life may be closely estimated, and also furnish the required amount of information necessary in legislation for regulating matters relating to the public health and for advancing the moral condition of the people and the sanatory state of the various towns of the Commonwealth. Special pains have been taken to exhibit in the abstracts such particulars as relate to the nativity of the population, not only in relation to the deaths, but also in connection with the marriages and births. The value of these additional particulars is self-evident, and requires no special notice.

In the preceding Report a new classification of diseases was introduced, conforming with the nosological arrangement used in European reports. This has been productive of much good, and has met the approval of medical statisticians. The same plan has been adopted in the present Report, and much care has been taken that the tables should be properly prepared, so as to accord with it.

POPULATION.

On the first day of June, 1855, the aggregate population of the Commonwealth, according to the State census, was 1,132,369. Of these persons, 550,634 were reported as males, and 582,335 as females. Of the same number, 1,122,463 were whites—545,417 males and 577,046 females; and 9,906 were colored persons—4,627 males and 5,279 females, including 6,923 designated as blacks, 2,844 as mulattoes, and 139 as Indians. Of the 545,417 male whites—428,946 individuals were natives of the United States, 116,114 were born on foreign soil, and of 347 the nativity was not ascertained. Of the 577,046 white females, 448,334 were natives, 128,571 foreigners, and 161 of unknown nativity. Those classed as colored were chiefly of native birth, 9,295 having been born in the United States, and only 578 in foreign countries. No return was made of the nativity of 33 individuals of this class.

During the five years proceeding the first day of June, 1855, the increase of the population of Massachusetts, was 137,855, which is to be attributed in part to the natural cause of excess of births over deaths, and partly to the incidental cause of excess of immigration over emmigration. To the first of these causes an increase of 54,929 in the population only can be attributed, as the number of births during the period was 151,135, while that of deaths was 97,206, leaving a balance of 82,926 to be accounted for by the second cause.

The State census of 1855 shows the following particulars in connection with the colored population, which consisted of 9,906 individuals, comprising about .87 per cent. or 1-114th part of the whole number of inhabitants of the Commonwealth. The residence of the largest part—about two-thirds—was in the counties of Suffolk, Bristol and Berkshire. In sixteen towns only, were there more than one hundred in each. There were 2,160—or 961 males and 1,199 females—in Boston; out of these, 219 were in institutions. In New Bedford there were 1,657—730 males and 927 females; 99 of whom were in institutions. In Springfield there were 399; in Salem, 297; in Cambridge, 292; in Pittsfield, 276; in Nantucket, 242; and in Worcester, 202. There were none in 73 towns. Included with the colored were 139 Indians, 71 of whom were males and 68 females. These were in fourteen towns. A very large portion of the present Indian population being of mixed blood,—the negro in most instances being predominant,—this class of population was enumerated with the colored by those who collected facts for the census. In the year 1848, it was supposed that there were only six Indians of pure blood in Massachusetts.

In regard to sex, the population of the Commonwealth was so divided in 1855, that of 1,132,369 individuals who comprised its population, 550,034 were males, and 582,335 were females, the females being in excess over the males 32,301; or in other words, there were to every hundred males nearly one hundred and six females. The greatest proportion of females to males was in the counties of Middlesex, Hampden and Suffolk, and the least in the counties of Dukes, Nantucket and Franklin, where a greater number males were found.

In some of the cities the predominance of the females was very large in 1855. In Lowell there were 153 females to 100 males; in Newburyport, 123 females to 100 males; and in Salem, 120 females to 100 males. This large excess was undoubtedly owing to the great number of females employed in the various factories of those cities.

The greatest number of persons living in one period of ten years will be found in that of the first period, being under ten years of age, numbering 248,806 individuals, or nearly 22 per cent. of the whole population of the State; of these, the largest portion were under five years of age. Of the 1,132,369 individuals comprising the population of the Commonwealth, 358,904 were under 15 years of age; 701,100 were between the ages of 15 and 60; 70,005 were between 60 and 100; and 19 were over 100 years of age. The ages of 2,341 were not ascertained.

The nineteen persons who had attained 100 years of age, were distributed through the State as follows:—One of them was found in Falmouth, in the county of Barnstable; one in Lawrence, and one in Newburyport, in the county of Essex; one in Sunderland, in the county of Franklin; one in Northampton, in Hampshire County; one each in Billerica, Carlisle, Charlestown, North Reading and Waltham, and two in Lowell, in the county of Middlesex; one in Walpole, in the county of Norfolk; one in Duxbury, in the county of Plymouth; two in ward seven in the city of Boston, and one in Chelsea, in the county of Suffolk; and one each in Petersham and Spencer, in the county of Worcester.

As regards nativity alone, 886,575 of the inhabitants of the Commonwealth in 1855, were of native birth, and 245,263 were born in foreign countries. Of the native born, 433,237 were males and 453,338 were females; and of those of foreign birth, 116,431 were males and 123,832 were females. The American born comprised 78.16 per cent. of the white population of the State in 1855, and the foreigners 21.79 per cent., the remaining .05 per cent. being of those whose nativity was unascertained. A much larger proportion of the colored were natives, being 93.83 per cent. of that class.

The inhabitants of Massachusetts in 1855, consisted of 228,845 families, and were thus classed in reference to their dwellings:—

228,845 families,
175,311 dwellings,
15.48 dwellings to 100 persons,
22.09 families to 100 persons, and
130.06 families to 100 dwellings.

It will be perceived that there were about five persons in each family, and a dwelling for between six and seven individuals.

In the different counties the number of families and dwellings are generally very near in the same proportion as the population. In the county of Suffolk, however, there is a variation from this, there being about ten houses to one hundred persons and about nineteen families to one hundred persons, the general average throughout the Commonwealth being considerably larger, as above stated. In the counties of Barnstable and Franklin, there are nearly twice as many houses for the same number of persons as in the county of Suffolk. As would naturally be expected, in the large cities the number of houses to the population is much smaller than throughout the State, but the proportion does not differ much from that which exists in the principal cities of Europe as shown in foreign tables of statistics.

BIRTHS.

The whole number of births that have occurred within the State during the year ending on the 31st day of December, 1856, shows an aggregate of 34,445, being an increase of 1,600 over the number reported for the previous twelve months. A majority of the children born was as usual males, amounting to 17,650, or 51.24 per cent. of the whole number of births; 16,577, or 48.12 per cent. were females; and the balance, 218, or .64 per cent., were children whose sex was not ascertain for registration. Compared with the results of registration for the past five years, the following annual increase will be obtained: excess of births in 1856 over those in 1855, 1,600; in 1855 over 1854, 848; in 1854 over 1853, 1,077; in 1853 over 1852, 1,118; in 1852 over 1851, 1,121.

According to the returns it appears, that 15,908, or 46.18 per cent. of all the children born within the Commonwealth in the year 1856, were the offspring of American parents; 14,570 children, or 42.30 of the whole were of foreign parentage entirely; 908, or 2.64 per cent. were the children of American fathers and foreign mothers, and 1,035, or 3.00 per cent. were of foreign fathers and American mothers. The parentage of 2,024, or 5.88 per cent. of the children born, was not ascertained for record. It will therefore be noticed, that 1,943, or 5.64 per cent. of the births are of children of whom only one parent was of American nativity; and that 16,513, or 47.94 per cent. were of children of whom one or both parents were of foreign birth. It was shown, by the returns used in the construction of the tables of the Report preceding this, that less than half of the children born within the Commonwealth in 1856, were the issue of American parents, a fact noticeable for the first time that year. The same remark is equally true with reference to the year 1856, with the additional fact, that fewer children of purely American parentage were born in Massachusetts than those who had one or both parents of foreign birth.

The comparative number of births that have been returned during the last two years is shown in the accompanying table:—

It has been usual in the Massachusetts Reports on Registration, to devote a small space to the consideration of the relative proportion between the sexes born within the State, on account of the general interest which is had in this subject, by those engaged in statistical pursuits. In this particular the Massachusetts tables invariably exhibit a predominance of the births of males over those of females, in some years amounting to a considerable number, and agreeing, as is correctly remarked by Dr. Josiah Curtis, the writer of many elaborate works on statistics, and also by Dr. Charles W. Parsons, in his valuable registration reports, presented to the legislature of Rhode Island, with facts existing in other countries.

The results of eight years show an increase every year, in the number of boys born, and also of girls born, and likewise exhibit an excess of 7,687 births of boys over girls, during the eight years, in which there were born 240,885 children of ascertained sex—1,272 children being placed out of the calculation for want of the necessary particulars in this respect. The whole number of boys born during this period, was 124,286, or 51.31 per cent. of all the births in the Commonwealth; that of females being 116,599, or 48.16 per cent.; and of children of unknown sex, 1,272, or .53 per cent. More than one-half of the children born, therefore, were males; and this result would not be changed if the unknown were placed to the account of the females. The addition of the facts resulting from the returns for the year 1856, has not produced any variation in this particular, from the rule.

The excess of births over deaths was very large within the Commonwealth during the year 1856. With 34,445 births and 20,734 deaths, as registered throughout the various cities and towns, this excess for 1856 is 13,711, an increase of 2,664 over the number shown the preceding year.

The fact which has been shown very generally in preceding Reports, namely, that with a greater number of male children born, there was a greater mortality among the females, is also equally true with regard to this particular, as exhibited by the returns for the year 1856. There were, this year, throughout the whole Commonwealth, as has been stated before, 34,445 births of children; and of these, 17,650 were males and 16,577 females. During the same space of time the whole number of deaths amounted to 20,734, — 10,201 of males and 10,401 of females. An examination of the tables in the last eight Reports, shows invariably an excess of births of boys over those of girls, the aggregate numbers for these years being 124,286 boys and 116,599 girls. The number of deaths during the same time amounted to 77,418 males and 79,091 females. This shows an ex-

cess of male births in eight years amounting to 7,685, and an excess of female deaths amounting to 1,673.

More births were reported as having taken place in August and December than in the other months, and the least number in February. Indeed, less than three thousand occurred in each of the first six months, and over three thousand in each of the last six months. Most boys were born in every month of the year. The ratio between the most productive month and the least so was as six to five, and in these there was an excess of boys, severally of 169 and 87.

The whole number of children born in plurality cases in 1856, was 624; and of these, 305 were males, 312 females, and 7 of unknown sex. This is an excess of 32 over the number reported in 1855.

Births in plurality cases occurred, in every county of the State, and the greatest number was of children of foreign parents.

During the year 1856, there were four cases of triplets in the Commonwealth, viz: one in the town of Sharon, two males and a female; two cases in Boston, one of three males and the other of three females; and one in the city of Worcester, of three males. The three females born at one birth in Boston, should more particularly be classed among the stillborn.

In respect to illegitimates, there were 257 children born out of wedlock, according to the returns, 121 of whom were males, 135 females, and 1 of unknown sex. Fifty-six of these were born at the State Almshouse at Tewksbury, and thirty-two in the State Almshouse at Bridgewater. Undoubtedly, in this particular, registration is very defective in Massachusetts, and there is no reasonable hope that it ever will be otherwise.

The number of the stillborn in 1856, throughout the whole State, amounted to 695—384 males, 232 females, and 79 of unascertained sex—a slight diminution from the number reported last year. About four-tenths of these occurred within the county of Suffolk, where it is believed that greater care is taken than elsewhere in the Commonwealth, to obtain correct returns in this particular.

MARRIAGES.

There have been solemnized in Massachusetts, according to the returns made to the office of the Secretary of the Commonwealth, 12,265 marriages during the year 1856, being 64 less than the number registered the previous year, 1,418 less than in 1854, and 563 less than in 1853, but 687 more than in the year 1852. Of the above 12,265, both parties of 6,818 couples were Americans by birth, and 4,323 parties were of foreign nativity. In 495 marriages the grooms were of American birth and the brides of foreign, and in 487 the grooms were foreigners and the brides American. In 142 marriages the nativities of the parties were not ascertained for record.

Only two towns have been entirely deficient in marriages during the year, viz: Mount Washington, with a population of 344, and showing 6 births and 7 deaths; and Nahant, with 270 inhabitants, and which made return of 13 births and 2 deaths for the year. Eight towns reported only one marriage each as having occurred within their precincts during the year 1856; five towns two marriages each, and eleven towns, three each.

Somewhat more than half of the marriages consummated during the year within the Commonwealth, have been solemnized in the counties of Suffolk, Middlesex, and Essex, which does not contain quite one-half of the population of the State. Previous to the taking of the last State census, these counties fell considerably short of this proportion, and yet recorded annually more than one-half of the marriages.

During the year 1856, the greatest number of marriages occurred in the month of November, as has usually been the case in Massachusetts. The next most popular months have been in the following order, viz: October, May, January, September and April. The least popular have been March, August, February, July, June and December. In this respect the registration of 1856 agrees exactly with that of 1855.

In aggregate, there were 12,265 couples married in 1856 throughout the Commonwealth. The ages of 183 males and 237 females of these were not registered. Most men, by quinquennial periods, as well as women, were married between the ages of 20 and 25; of the former there were 5,096, and of the latter 5,493. In the youngest period, under 20 years of age, there were 206 males and 2,739 females. Between the ages of 25 and 30 there were married 3,641 males and 2,235 females, and above this age there were 3,322 males and 1,798 females.

Respecting first marriages, the most common period during the year, as exhibited by the returns, has been between the ages of 20 and 25 years for both sexes. The next period has been for men between the ages of 25 and 30, and for women that under 20 years. The third period for men has been from 30 to 35, and for women from 25 to 30. The first of the above-named periods includes 4,194 first marriages of men and 5,018 of women, when both parties were first married. Of the first marriages in 129 cases, both parties were under 20 years of age.

The whole number of men married for the first time, was 10,207. Of this number, 9,740 were married to maidens, and 467 to widows. The youngest males married were two young men of 16, one to a girl of 18 years and the other to one of 19, also for the first time. The oldest man married for the first time was between 75 and 80 years of age, his bride being a widow of from 50 to 55 years of age.

The number of women married for the first time was 10,962. Of these women, 9,740 married bachelors, and 1,222 widowers. The youngest woman was a girl of 13 years of age to a man of 23 years.

A large number of young persons were married during the year, viz: two grooms of 16 severally to brides of 18 and 19; eleven of 17 years, severally to brides one each of

14, 15, 16 years, five of 17, and three of 18 years; 55 of 18, 151 of 19, and 232 of 20 years each. Of the young brides, 1 was 13 years of age, 11 of 14, 63 of 15, 176 of 16, and 320 of 17 years.

The number of marriages where both parties were severally united for the first time, was 9,740 of the whole number, 12,265, reported for the year 1857. The oldest male in this class was between the age of 60 and 65 years, and the oldest female was about the same age. The ages of 61 males and of 101 females were not ascertained.

In the cases of first marriage of the male, but of subsequent marriage of the female, the number amounted to 467. In the case of the youngest of the matches, both parties were under 20 years of age. The oldest man was between 75 and 80, and the oldest woman between 60 and 65 years of age. The ages of 3 males and 5 females were unascertained.

Of the marriages of widowers to maidens, there were 1,222. No male was under 20 years of age, although 118 females were. The oldest male was between 75 and 80, and the oldest female between 65 and 70. Nine males and 17 females of this class did not record their ages at the time of their marriages.

Of the subsequent marriages of both parties there were 705. The youngest male was over 25, and the youngest female was over 20 years of age. The oldest man was over 80, and the oldest woman between 70 and 75. The ages of 5 men and 9 women appertaining to this class, were not returned for registration.

In 131 cases the conditions of the parties were not reported, and of these the ages of 105 parties were also unascertained.

DEATHS.

During the year ending on the 31st day of December, 1856, there were registered in the various cities and towns throughout the State of Massachusetts, and subsequently returned to the office of the Secretary of the Commonwealth, 20,734 deaths, falling short 64 of the number reported as having been recored during the previous year. In the Report of last year there was also a falling off in deaths, the difference between the numbers reported for the years 1854 and '55, being 616. An increase of 1,113 deaths over the number of the preceding year, was shown in the abstracts prepared for the Thirteenth Annual Report, embracing the results of registration for the year 1854. Certainly with such undeniable statistical evidence, it may be said with much confidence, that during the year in question the Commonwealth has presented an unexampled degree of prosperity as far as can be determined by the occurrence alone of deaths.

Of the whole number of deaths reported as having occurred during the year 1856, above stated to have been 20,734, 10,210 were of males, 10,410 were of females, and 132 were of persons whose sex was not ascertained for registration. Of the 132 of unascertained sex, 102 were of infants under one year of age, and 12 of persons whose ages were not reported, leaving only 18 of persons known to have attained more than one year of age, and of these only three were over ten years of age. This certainly shows that much more care than usual has been taken, in collecting facts in reference to this particular. The results generally shown in the Massachusetts Reports in regard to the proportion between the sexes of the deceased, have been sustained by the facts collected for this Report, namely, that more females than males, by 200, have died during the year in Massachusetts.

Omitting the consideration of the deaths of those persons whose ages were not obtained for registration, the aggregate ages of the 20,483 individuals whose ages were given, amounted to 552,481, being an average of 26.97 years for the duration of life in Massachusetts, by the returns made for registration, showing, when compared with the results obtained from similar sources in 1855, a loss of .46 of a year to an individual. The tables of former years show for each person on an average, 27.78 years of life according to the deaths in 1852; 26.87 in 1853; 27.16 in 1854; and 27.43 in 1855. It is therefore evident, that in this point, the past year does not exhibit so good an account as the preceding four years.

The greatest number of persons die annually in Massachusetts in the early periods of life. The tables connected with the present Report show, that 4,226 persons—2,234 boys, 1,890 girls, and 102 of unknown sex—died under one year of age, being more than one-fifth of all the deaths during the year. About four-tenths of the deaths (80.38) were of children under five years of age, whereas only about one-tenth (23.51) died between the ages of 20 and 30.

Dividing the persons who have died during the year 1856 into three classes: the young or dependent, under 20 years of age, the middle-aged or supporting class, between the age of 20 and 60 years, and the old, over 60 years of age, and it will be perceived that the numbers are quite unlike: for instance, there were 10,142 persons in the first of these classes, 5,244 males, 4,781 females, and 117 of unknown sex; 6,927 persons in the second class, 3,114 males, 3,611 females, and 2 of unknown sex; and in the last class 3,698 individuals, 1,763 males, 1,937 females, and 1 of unknown sex. Besides these, there were 167 which could not be placed in either of these classes, on account of deficient registration, as their ages were not ascertained, namely, 80 males, 75 females, and 12 of unknown sex, making the aggregate number of deaths, as before stated, 20,734—10,201 males, 10,401 females, and 132 of unascertained sex.

Arranged according to time of death, the greatest mortality in the year 1856 occurred throughout the Commonwealth in the months of September and August, and the least in the months of June and February.

Four persons were reported to have died during the year 1856, more than 100 years old. These were all widows, and died of old age. Two of them were American

nativity, and two of foreign. One born in Roxbury, in the county of Norfolk, died in Boston on the 11th of January, aged 100 years and 11 months; another, reported to have been born in Dover, in the State of New Hampshire, died in the city of Lowell, on the 2d of March, aged 103 years, 11 months and 3 days; the third, born in Ireland, died also in the city of Lowell, on the 4th of September, at the very advanced age of 107 years, 11 months and 10 days: and the fourth, also born in Ireland, died in Boston on the 17th of September, 1856, at the extreme age of 110 years. Thus it appears, that the centenarians who died in 1856, in Massachusetts, were females and had been married, and that they died apparently of no other cause than that of general decay of their system consequent to old age.

He held many public offices, which he filled with honor to himself and advantage to the community. On the 4th of July, 1819, by appointment of the town authorities of Boston, he delivered the oration on the anniversary of the Declaration of Independence. He was a member of the City Council in 1825. He was also a member of both branches of the State Legislature, and in 1849, under the administration of President Taylor, he was appointed United States District Attorney for Massachusetts. He took much interest in military affairs, and was for some time Commander of the New England Guards. He was employed as counsel for the Knapps, in their trial for the murder of Capt. Capt. REUBEN DREW, Duxbury, April 25, aged 90 years.

Hon. WARREN DUTTON, Longwood, March 3, aged 82 years.

OLIVER ELDRIDGE, Boston, July 25, aged 68 years. His death was sudden and unexpected, resulting from a paralytic attack which met him at the dinner table, and which he survived but about two hours. In the morning of the same day, he had appeared in his usual health, and bade fair to continue among us many years longer. Mr. Eldredge was born in Brooklyn, Connecticut, on the 14th day of March, 1789.

He came to Boston in 1808, and immediately entered upon a mercantile life. He early became interested in American manufactures, and pursued their development with a foresight and intelligence that insured success. During a period of nearly half a century, he has been well known as one of the foremost of our manufacturers and merchants. In his business transactions, as well as in his social relations, he was liberal, upright and honorable. He was entrusted with several responsible posts, and discharged their duties with credit and fidelity. As a member of the State Legislature, he was faithful and diligent in attending to public business. He was many years President of the North Bank, being continued in the office by successive refections, until the state of his health admonished him to retire. He was a valuable member of the Boston Board of Trade, and Vice President for Windham County of the Connecticut Association. In private life, his character was unstained with the slightest blemish. Nor can we omit to mention that he brought up a large family of sons and daughters to occupy useful and honorable positions in the community.—*Condensed from Boston Daily Advertiser.*

On the memorable day of Concord and Lexington, and in the terror and confusion of the inhabitants, occasioned by the return of the British, his family became divided—a part escaping from the town, along the Medford river, and a part going over Penny Ferry into Malden. Nathaniel was with the latter, and the loss of his hat in the boat caused him more trouble than the balls of the British. He settled in Salem as a mechanic, where his thorough integrity of character and Christian spirit won universal respect. He successively filled all the municipal offices, we believe, which Salem could confer upon him, and filled them acceptably; and for many years was a member of the general court.—*Boston Post.*

About the year 1806, he went to Europe, where he remained five years, and travelled extensively on the Continent. After his return, he established himself in this city, as a merchant, but meeting with reverses, he relinquished the mercantile profession and engaged in the business of teaching. He opened a private school at Jamaica Plain, which he continued for more than twenty years with eminent success. A few years ago he moved to East Greenwich, R. I., where he continued his school until about a year since, when he was seized with a slight paralytic affection, which compelled him to relinquish his labors.

In 1818 he was Captain of a Company of the State Militia.

In 1820 he was a Delegate to the Convention to revise the State Constitution.

In 1830 and seven or eight subsequent years he was a Representative in the Legislature.

Hon. JOHN GLEN KING, Salem, July 26, aged 70 years.

Born in Salem on the 19th of March, 1787. He was a graduate at Harvard College in the class of 1807. He did not, however, receive his degree that year, but like many others of his own and the succeeding class, left college in May, 1807, the period of what is known as "the Grand Commons Rebellion." His degree was conferred upon him in 1818. He has been for many years a distinguished member of the Essex Bar, and has been repeatedly elected to offices of honor and trust, having been a member of both branches of the State Legislature, and of the Executive Council. He was also the first President of the Common Council of Salem, under the city charter.

For many years Mr. King was Commissioner of Insolvency for the County of Essex, and held that office at the time of his death.

Mr. King was a gentleman of profound literary culture, continuing the study of the classics and maintaining his general reading, until the latest days of his life. He was a member of the Massachusetts Historical Society. The soundness of his health and the vigor of his faculties have been unimpaired until the present summer. The proprieties of a public notice permit us simply to allude to the kindness and generosity of his social feelings. He was a man of distinguished probity and eminent attainments, and his death will cause a deep void in the community of which he was a useful member and an illustrious ornament. — *Condensed from Boston Daily Advertiser.*

EBEN K. LAKEMAN, Salem, May 27, aged 58, a native of Ipswich, held many offices in the town and city.

Dea. DANIEL LANE, Norton, Nov. 1, aged 87 years.

Rev. HENRY LINCOLN, Nantucket, May 28, at the advanced age of 91 years, 6 months and 25 days. He was born in Hingham the 3d November, 1765, and graduated at Harvard College in 1786. He was ordained pastor of the church in Falmouth, Mass., 3d February, 1790, and continued his labors with great fidelity and to the entire acceptance of his people until the 26th of November, 1823, when, on account of the infirmities of age, his pastoral connection was dissolved, and he removed to Nantucket, and resided during the remainder of his life in the family of Dr. Elisha P. Fearing, his son-in-law. He was, at the time of his death, probably, with one exception, the oldest clergymen in the State, his classmate, the late Rev. Jacob Norton, of Billerica, being his senior by nearly two years. Mr. Lincoln was a gentleman of the old school; of fine per-

sonal appearance, always remarkably neat in his dress, of an affable and social disposition, and withal a good Christian. — *Boston Daily Advertiser.*

Dr. Lunt left home in December last, to make the tour of Europe, and was expected to return the ensuing summer. He was son of Capt. Henry Lunt, and was born in Newburyport the 2d of April, 1805, and graduated with distinction at Harvard College in 1823. He was ordained pastor of the Second Unitarian Church (now the Church of the Messiah) in New York, 19th June, 1828; dissolved his pastoral relation with that church, 19th November, 1833, and was installed over the Unitarian Church in Quincy, 3d June, 1835, where he has since faithfully labored — a period of nearly twenty-two years. He was one of the most popular and eloquent divines of the day, and was generally beloved by the society over which he was settled. His writings, both in prose and poetry, display a singularly pure taste and classic refinement, and have been much admired. Quiet and unobtrusive in his manners, he sought rather to do good than to court popularity. His sudden and unexpected departure will be deeply mourned by his relatives, by the people of his charge, and by the community in which he was widely known. — *Boston Daily Advertiser.*

NATHAN MERRILL, Charlestown, Feb. 12, aged 59 years. Superintendent Charlestown Female Seminary.

Hon. HORATIO G. NEWCOMB, Greenfield, Sept. 18, aged 72, a son of the late Mr. Hezekiah Newcomb, of Bernardston, and one of a large family of children. He was thrown upon his own resources early in life. After obtaining an academical education, he selected the profession of the law, and studied with the late John Barrett, Esq., of Northfield, and with his brother, the late Judge R. E. Newcomb. In 1813 he was admitted to the bar. For some years he practised in Winchendon, which town he represented one or more years in the legislature, and in Northfield. In 1827 he removed to Greenfield, where he has since resided, devoting himself to his profession, till his appointment as Commissioner of Insolvency, two or three years since, when he withdrew from general practice. He enjoyed in a high degree the respect and confidence of his fellow townsmen, by whom he was repeatedly elected to the most important offices in their gift. He was appointed Master in Chancery by Gov. Morton. Subsequently he held the office of Commissioner of Insolvency, and Judge of the Court of Insolvency for Franklin county, which office he held at the time of

his death. In whatever position he was placed, he discharged the duties devolving upon him with ability and fidelity, and in all the relations of society was highly esteemed.

Mr. Norton was the son of Samuel Norton; was born in Abington, Mass., on the 12th of February, 1764, and consequently had attained to the great age of 93 years, 11 months, and 5 days. He graduated with distinction at Harvard in 1786, and at the time of his death was the oldest surviving graduate of the College. He was ordained over the Congregational Church in Weymouth, on the 10th of October, 1787, where he continued his pastoral labors for thirty-seven years, until 1824, when he resigned his charge, and a few years afterwards removed to Billerica, where he resided during the remainder of his long life. Mr. Norton retained his mental and physical powers to a remarkable degree, until past the age of ninety. For the last year or two he spent most of his time during the day reading, and without glasses, which he never used, with the exception of a short time, and then laid them aside as useless.—*Advertiser*.

HENRY S. MCKEAN, Boston, May 17, aged 47 years. He was a graduate of Harvard College of the year 1828, and from 1830 to 1835 was tutor in the same institution, in which capacity he is still remembered with interest by many of those who came under his instructions. He was a man of honorable feelings. He was a civil engineer, for which he was well fitted. He served with credit in the construction of the Boston Water Works, and has held for several years the office of Assistant City Engineer, discharging its duties in a satisfactory and faithful manner. His temperament was sensitive, and inclined to melancholy, which at times caused mental aberration, in a paroxysm of which he took his life.

From 1834 to 1838 he worthily represented Massachusetts in Congress. From December, 1838, to March, 1842, he was Mayor of Salem, and upon his voluntary retirement devoted the whole of his salary as Mayor to the public schools of the city. In 1840 he was one of the Presidential Electors for Massachusetts, and in 1848 and 1849 he was the Free Soil Candidate for Governor. He held several State and private trusts, in the discharge of which, by his ability, sagacity, experience, and integrity, he rendered signal service. He was for many years a member of the State Board of Education, and a Trustee of the

Also, Solidified Extract of Cocoa, or COCOA BUTTER, for diseases of the Throat, Lungs, &c. Extracted and Prepared only by

JOHN PRESTON, No. 6 Long Wharf, BOSTON.

The Cocoa Butter is a solid Oil, extracted from the Cocoa or Chocolate Nut. It has been highly recommended by many physicians in this city and vicinity, some of whom have made use of it as a substitute for Cod Liver Oil, for which purpose it has been used to a considerable extent in Great Britain. The peculiar, pleasant taste of the Chocolate is retained by the method of preparation; and while other fatty matters create disgust, this may be freely eaten by invalids, without the slightest nausea. It is highly recommended for Public Speakers and Singers, for the ease and relief it gives to the throat and lungs. As an external application, such as irritations of the skin, it is invaluable.

DIRECTIONS.—For diseases of the Throat, a piece the size of a pea, or larger, allowed to melt in the mouth. For outward application, apply to the parts inflamed.

The prosperity of this Company is without a parallel in the history of life insurance in this country. Not a dollar of invested funds has been lost, and the incidental expenses, including commissions to agents, for the last two years, have been but six and a half per cent. of the net annual receipts, thereby enabling the Directors to declare from ten to twenty-five per cent. larger dividends, annually, since the organization of the company than any other life insurance company in the United States.

THE BOSTON POST,

THE LARGEST DAILY PAPER PRINTED IN NEW ENGLAND.

THE PRESS AND POST,

AND

THE BOSTON STATESMAN & WEEKLY POST,

THE TERMS OF OUR JOURNALS PER YEAR ARE:

DAILY POST,.....	\$8.
PRESS AND POST, semi-weekly, (Monday & Thursday),.....	\$4.
STATESMAN AND WEEKLY POST, (Friday),.....	\$2.

These journals are edited by CHARLES G. GREENE and RICHARD FROTHINGHAM, Jr.; employ a large corps of Assistant Editors, Reporters and Correspondents; and neither labor nor expense is spared to make their columns valuable. They have been published nearly thirty years; have a range of subscription exceeded in extent and aggregate by no other paper in New England.

The columns of these papers are filled with a great VARIETY of useful and entertaining matter. Their editorials; domestic and foreign correspondence; reports of lectures; marine department; daily monetary article and weekly financial review; literary notices; poetic contributions and humorous matter form a VARIETY designed to meet every taste.

The ADVERTISING COLUMNS embrace an almost entire synopsis of the business of New England; and from that department of the paper alone can be obtained a correct impression of the character of trade, its facilities and its operations; while the financial editorials give an accurate view of passing events in the commercial world.

THE PRESS AND POST

Is made from the DAILY's contents, and published every Monday and Thursday morning. It is clearly and handsomely printed on fine paper, in clear type, and the subscription is four dollars a year. This journal, with its ample prices current and general view of the markets, together with a careful synopsis of news, miscellaneous intelligence, &c., is admirably adapted to answer the wants of country merchants, or readers out of Boston. To Clubs of ten or more, paid in advance, a reduction of twenty-five per cent. will be made.

THE BOSTON STATESMAN AND WEEKLY POST

Forms a rare and complete record of the times, and contains the news of every description; in fact, a brief and comprehensive history of passing events; foreign news in detail. domestic information, agricultural items, commercial and monetary articles, statements of trade, of the weather, of crops, &c., accounts of meetings, political records, news of every description, poetry, pleasant reading matter, humorous items, epigrams; in fact, a COMPLETE FAMILY NEWSPAPER—a vehicle for every species of useful and entertaining information—among which will be found, in each issue, A PLEASANT STORY. The STATESMAN is printed on the LARGEST SIZED paper and on new and beautiful type. It has a very large circulation, and its rapidly increasing list is the best evidence of its popularity. It is supplied at the rate of TWO DOLLARS a year for single subscriptions. CLUBS, taking ten or more copies in one package, will be supplied at ONE DOLLAR AND A HALF A YEAR.

THE COMMERCIAL DEPARTMENT

Involves a large expenditure; contains varied and accurate reports as to all branches of trade, and is second to that of no paper published in New England.

These journals are carefully conducted, and edited in a faith in democratic principles, but in a spirit of conciliation to all parties. As advertising mediums they are unsurpassed; penetrating as they do into such a variety of households scattered over the whole Union, and read as they are by all classes of the community, they furnish an opportunity for the diffusion of information which can scarcely be obtained elsewhere.

As the above Papers are printed on one of Hoe & Co.'s Fast Presses we are enabled to delay their publication until the latest moment.

THE BOSTON STATESMAN AND WEEKLY POST, issued from this office, has a large circulation throughout the country, and is an excellent medium for advertising. A limited number of advertisements will be received at the rate of TEN CENTS A LINE.

THE BOSTON JOURNAL

FOR 1858.

"THE FAVORITE PAPER OF NEW ENGLAND."

Published Daily, Semi-Weekly and Weekly.

In announcing the terms for the BOSTON JOURNAL for 1858, the proprietor does not deem it necessary to describe its peculiar characteristics as a popular newspaper, or to make any special promises for the future. He deems it sufficient to say, that what THE JOURNAL has been in the past it will be in the future. By the almost unanimous consent of its contemporaries throughout New England, THE JOURNAL stands at the head of the New England Press in all those qualities which go to make up a reliable, enterprising, live newspaper. This position it has attained by pursuing a steady, straight-forward course in all respects, and by sparing neither labor nor money to give the latest intelligence and the fullest reports of all matters of interest at the earliest moment. It has relied upon its own merits, and not upon the representations of canvassers or "drummers" to gain for it the confidence and patronage of the Public—and the result has been that IT HAS NOW A CIRCULATION MORE THAN DOUBLE THAT OF ANY PAPER OF ITS CLASS IN NEW ENGLAND—and at no previous time has its circulation increased more rapidly than during the past six months. The proprietor intends by the employment of experienced and competent men in all the departments of the establishment, and by the most liberal outlay of money in the procuring of important news from all quarters, to make THE JOURNAL still more worthy the name of "the favorite paper of New England." And with this simple announcement he invites the attention of newspaper readers and newspaper dealers throughout New England to the following statement of the terms for the several editions of THE JOURNAL:

THE BOSTON DAILY JOURNAL, MORNING AND EVENING,

Contains the latest news received by the mails and telegraph up to the hour of going to press. It is printed on the ONLY SIX-CYLINDER FAST PRESS, in New England, which enables us to hold back the forms until the very latest moment, and still work off the edition in season for the mails and expresses. It is published at the low rate of

Six Dollars a Year; Single Copies Two Cents.

THE SEMI-WEEKLY JOURNAL, Tuesday and Friday Mornings,

Contains all the reading matter published in THE DAILY JOURNAL for the three days preceding—averaging from thirty-one to thirty-two full columns. The subscription price of the Semi-weekly Journal is **THREE DOLLARS A YEAR.**

TO CLUBS.—Five Copies, one year, Twelve Dollars Fifty Cents. Ten Copies, one year, Twenty Dollars.

THE WEEKLY JOURNAL,

Published on Thursday Morning,

Contains thirty columns of reading matter, prepared especially for its columns, and embraces all the news of interest for the week. It is furnished at the following very low rates:

One copy, one year,	TWO DOLLARS.	Five copies, one year,	SIX DOLLARS.
Two copies, one year,	THREE DOLLARS.	Ten copies, one year,	TEN DOLLARS.
And one to get up of club.			
Twenty copies, one year,	TWENTY DOLLARS.		
And two to get up of club.			

JOURNAL FOR CALIFORNIA, . . . Six and a Quarter Cents a Copy.

AS AN ADVERTISING MEDIUM, *The Journal* has no equal in New England. Its prices are uniform, and its advertisements are set up in a clear and conspicuous manner, judiciously arranged and classified under appropriate heads, and appear in both the MORNING and EVENING papers without extra charge.

ITS CIRCULATION is more than double that of any "two-cent" or subscription paper in New England. The public are reminded that NO DRUMMERS for ADVERTISING are ever employed by this establishment.

THE CASH PRINCIPLE.—In all cases the "cash principle" will be adhered to, and no notice will be taken of any orders not accompanied by the money. All papers are discontinued at the expiration of the time paid for.

THE JOURNAL is for sale at all the Newspaper Depots, and on all the Railroads throughout New England. All orders should be addressed to

CHARLES O. ROGERS,

JOURNAL BUILDING, NO. 12 STATE STREET, BOSTON, MASS.

UNSOLICITED OPINIONS OF THE PRESS.

From several hundred commendatory notices of THE JOURNAL by the press in all parts of the country during the past month we make the following extracts, showing the opinion in which THE JOURNAL is held by its contemporaries.

From the Coos (N. H.) Herald.

THE BOSTON DAILY JOURNAL. We publish this week, on our fourth page, the prospectus of this excellent and reliable paper. It is emphatically a newspaper containing, rather than most of its contemporaries, all the domestic and foreign affairs of the day. We cheerfully recommend, even in these hard times, every one who desires reliable intelligence concerning the markets or current matters of news, to subscribe for *The Daily Journal*, believing it to be money well invested. No one who has had it for one year will fail to have it the next. *The Journal*, taken as a whole, we hesitate not to say, is the newspaper of New England.

From Goward's Real Estate Register, Boston, Mass.

THE BOSTON JOURNAL, DAILY, SEMI-WEEKLY AND WEEKLY. This popular paper is established with the public as the most reliable newspaper that is published in New England. With a full editorial staff, a large number of reporters, unusual facilities for the collection of information, and wonderful rapidity in publishing it, with correspondents in every important place in New England, and regular correspondents in the principal cities and at Washington, there is nothing that happens in the busy world which is not caught up, classified, condensed, set in order and published with the celerity of lightning itself. The proprietor, Charles O. Rogers, does not suffer himself to be outstripped by any one in the race of journalism. We commend *The Journal* with the utmost confidence to any one who desires a paper, daily or weekly, which is sure to contain all the news. Each issue of *The Journal* is a map of busy life.

From the Granite State Register, Manchester, N. H.

THE BOSTON JOURNAL. It is unnecessary to recommend *The Boston Journal* where it is known. By its business enterprise, tact and ability in its editorial department, an efficient reportorial corps, and in giving the very latest news at the earliest possible moment, it has won the title of "the favorite paper of New England." It enjoys what its enterprise deserves, a circulation more than double that of any paper of its class in New England. It takes the lead of the Boston dailies, just as the best and smartest man always leads the column. It embraces all the characteristics of a popular newspaper, in the widest derivation of the term. *The Daily Journal* is sent for six dollars a year; *The Weekly Journal* is furnished for \$2 a single copy, two copies for \$3, five for \$6, or ten copies, one year, for \$10.

CHARLES HALE, PUBLISHER.

This is a first-class newspaper of large size. It is conducted with care and diligence, and is believed to possess a favorable character wherever it is known. With the introduction of the new type, a new order of arranging the contents has been adopted, which allows of a considerable increase in the quantity of reading matter, and enables us to present the news as received at the latest hour, in the fullest extent, without inconvenience, and without curtailing the space devoted to the various regular departments of intelligence. While retaining all the old characteristics of the paper, which have given it its favorable reputation, such new features have been and will be introduced as shall make it approach as nearly as possible the highest standard of excellence for a daily newspaper published at the present day in the capital of New England.

Every effort is used to present in the columns of the BOSTON DAILY ADVERTISER the news of the day, with fulness, freshness, and accuracy, and, further, to discuss the topics of the day freely, fairly, and with independence, at the same time that the utmost care is taken to express no opinion which is not formed after careful personal examination by the editors, of the subject under consideration.

The attention of the public is respectfully called to the following characteristics of the BOSTON DAILY ADVERTISER:

1. Its editorial articles, which are numerous, written with care, and express only the opinions of the editors. No pay is ever received for anything appearing as editorial.
2. The regularity and fidelity with which all public documents and matters of permanent value are presented in its columns.
3. The copiousness of its summaries of foreign intelligence, which are prepared with laborious care from ample materials.
4. The perfection of its marine intelligence. Its leading position in this department is believed to be generally admitted without question.
5. The accuracy and independence of its financial and commercial intelligence, which is so prepared as to remove it beyond suspicion of aiding individual interests.
6. The accuracy and fulness of its reports of the proceedings of the Massachusetts Legislature, and of legal and judicial proceedings.
7. Its literary intelligence, and notices of books, pictures, public amusements, &c. Extracts from forthcoming works in advance of their publication are frequently printed in its columns.

The weekly statement of the condition of the banks in Boston, and monthly statement of the other banks in Massachusetts, are published by authority in the Daily Advertiser and one other paper only. These statements are published also in the Semi-Weekly Advertiser and Weekly Messenger.

The laws of the Commonwealth of Massachusetts are published exclusively in this paper, by authority.

A weekly detailed statement of the value of imports of foreign goods at the port of Boston, in addition to the daily reports of imports, is published exclusively in this paper.

The SEMI-WEEKLY ADVERTISER and WEEKLY MESSENGER contain substantially the same reading matter as the DAILY ADVERTISER, but less space is occupied with advertisements, of which very few appear in the WEEKLY MESSENGER.

These papers are printed for mailing on a sheet weighing "not over 1½ ounces," and are accordingly chargeable for postage at the lowest rate, viz., a quarter of a cent for each paper within the State, when paid quarterly, in advance.

A quarter's subscription to the daily, postage included, thus costs but \$2.20; to the semi-weekly, but \$1.07; and the weekly, but 54 cents.

[From the "Recollections of a Life-Time," by S. G. Goodrich, Peter Parley.]

The BOSTON DAILY ADVERTISER was founded in March, 1814, and Nathan Hale began his editorial career with it. It may be taken as the model of the highest class of newspapers in the United States—able, calm, sincere, wise and gentlemanly. It would be difficult to name a single journal in any country which, in a union of these qualities, takes rank above it. In the United States there are some which emulate it, but few, if any, which surpass it.

[From the National Intelligencer.]

The BOSTON DAILY ADVERTISER.—A paper so wise, so instructive, so cautious and so truthful, deserves every success; and its success is a credit to the community which it ably serves and enlightens.

[From the Albany State Register.]

The BOSTON DAILY ADVERTISER.—It is one of the very best newspapers in the United States, and we take the liberty of rejoicing in its prosperity.

[From the New York Shipping List.]

The BOSTON DAILY ADVERTISER.—The Daily has long since acquired the reputation of being the best marine journal in the country, and as a literary and political publication it ranks deservedly high.

[From the Salem Gazette.]

The BOSTON DAILY ADVERTISER—a journal of which it is not too much to say, that, in some respects, it has no equal on this side of the Atlantic.

[From the Yarmouth Register.]

The BOSTON DAILY ADVERTISER.—A glance at its columns will show that it is fully up to the mark, and its matters evidently prepared with much care; while in one department, and an important one to Cape readers—we refer to the shipping intelligence—it unquestionably excels all its cotemporaries in the freshness and accuracy of its reports. This department is under the direction of Mr. J. A. Ballard, the best shipping reporter in the country.

[From the Vineyard Gazette.]

The BOSTON DAILY ADVERTISER has appeared in a new dress, and looks remarkably well. The "Advertiser" is unquestionably the best paper in Boston, and we rejoice at this renewed evidence of its prosperity.

[From the Charleston (S. C.) Courier.]

The BOSTON DAILY ADVERTISER, one of the best journals in the country, made its appearance, a day or two ago, printed throughout on new and beautiful type.

From the same Office are issued the BOSTON SEMI-WEEKLY ADVERTISER, Published on Wednesday and Saturday Mornings. Terms, \$4.00 per annum, in advance; and the BOSTON WEEKLY MESSENGER, Published on Wednesday Afternoons. Terms, \$2.00 per annum, in advance.

DR. H. I. DANIELS,
No. 17 BEDFORD STREET,

Would call attention to his entirely new method of inserting ARTIFICIAL TEETH without the use of Metals of any kind, whereby a whole set or parts of sets, can be inserted without claspings to other teeth. His method is far more preferable than metal, as it overcomes the bad taste in the mouth, and is not one-half as heavy. It is easier to the mouth, and better fits are obtained, giving the teeth a more natural appearance than by any other method—and is worthy the attention of all who are in want of Artificial Teeth.

Dr. Daniels also inserts Mineral Teeth upon GOLD, SILVER, and PLATINA, so that by comparison all can be satisfied of the relative value of each different method.

TEETH FILLED, CLEANED,

and all operations upon Teeth done in the best and most approved manner, at prices to meet the exigencies of the times. All are invited to call and examine my work, and all examinations made free from charge.

WHEELER & WILSON'S

MEDAL

FAMILY SEWING MACHINE.

The unanimous favor which has attended the introduction of Wheeler & Wilson's FAMILY SEWING MACHINE, is sufficient evidence of its excellence. It is needless now to say, that this useful instrument is becoming a domestic institution; the fact is recognized by its successful use in thousands of Families in every rank of life. To those who have hitherto refrained from availing themselves of its advantages it may not be amiss to say, that its utility is not a problem to be solved, but a success already realized. The highest testimony is constantly offered, confirming this verdict, which has given this instrument so wide and so enviable a reputation.

This Machine is conceived on a principle ENTIRELY ORIGINAL, being specially and admirably adapted to the most perfect work on every kind of material; and having been subjected to a three years' test of the most searching character, by Families and in various branches of Manufacture, with distinguished success, it is believed that in all the great points requisite to a complete and practical Sewing Machine, it cannot be approached in excellence.

Among the undoubted advantages it possesses over all others, may be named the following:—

1st. Its simplicity of construction, and consequent freedom from derangement and need of repairs.

2d. Its unexampled rapidity and ease of operation.

3d. Its noiseless movement.

4th. The great variety of purposes to which it can be applied, which can be achieved by no other mechanical means.

And
5th. The pre-erminent BEAUTY and DURABILITY of the work.

This Machine, in a variety of styles and sizes, is in operation and for sale at the office and wareroom.

N. B.—In addition to other advantages possessed by the Wheeler & Wilson Machine, an apparatus, recently perfected, can be applied, which turns and stitches *hems of any width*, and by which *fells* are made in admirable style,—results never before accomplished by machinery.

MAYNARD & NOYES'

WRITING INK.

The manufacture of this Ink was established in 1816, and the quality has now been tested by the public for *more than forty years*. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it more than twenty-five years, express themselves in one manner concerning its superior excellence, it is quite evident that no one *need* be troubled with *bad Ink*.

Bowdoin School, Boston, Jan. 7, 1857.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School the past thirty years, and take pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.

JAS. ROBINSON, Writing Master.

Boston, January 10, 1848.

Messrs. MAYNARD & NOYES: Gentlemen, — It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first-rate article*, and cheerfully recommend it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.,
Principal of Writing Dep. Hancock School.

Office of Merchants Ins. Co., Boston, Jan. 2, 1856.

Messrs. MAYNARD & NOYES: Gentlemen, — I have used your Writing Ink generally for the last twenty-five years. In 1847 I renewed my certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I consider it particularly adapted for all purposes where *permanency of color is requisite or desirable*, as my *oldest records prove its color to be unalterably black*.

H. ALLINE, Register of Deeds.

COPYING INK.

This Ink gives a copy as distinct and perfect as the original, and combines all the properties of our Writing Ink. This quality particularly adapts it to Counting House use, as it answers all the purposes for which a Writing Liquid is used.

ALSO,

PATENT AGENCY

ROOM No. 11 WEBSTER BANK BUILDING,

No. 13 Exchange Street, Boston.

SAMUEL COOPER,

Late Chief Examiner in the U. S. Patent Office,

PROCURES PATENTS IN THIS AND FOREIGN COUNTRIES.

His long official connection with the Patent Office has rendered him familiar with its rules and practice, and with the history of invention in this and other countries; and this experience, with the frequent visits which he makes to the Patent Office, justifies him in saying that his Agency will offer to Inventors all the advantages of one located in Washington, and, in addition, those which result from a residence in the midst of mechanical and manufacturing industry.

Advice given upon all matters relating to the validity, &c., of patents, the novelty and patentability of inventions. Specifications and Drawings prepared,—Caveats filed,—Reconsiderations procured of applications that have been rejected upon imperfectly prepared papers,—Cases of interference, and applications for extension and re-issue prosecuted,—and in general, all business connected with the Patent Office, transacted with care and promptness.

British and foreign patents procured, through prompt and confidential agents in London and Paris.

Particular attention given to procuring re-issues and extensions of Patents.

He begs leave to refer those unacquainted with him to the following testimonials:—

FROM THE HON. CHARLES MASON, COMMISSIONER OF PATENTS.

U. S. PATENT OFFICE, FEB. 28, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the Office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the Office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON, *Commissioner.*

FROM THE EXAMINERS IN THE PATENT OFFICE.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, lately a Principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.
